

wylie

Veterinary centre

The Wylie Veterinary Center Ltd is an independent small animal veterinary practice, operating from a large RCVS accredited Veterinary Hospital in Upminster and a Wellness Center in Brentwood.

At the Wylie Veterinary Center, we strive to offer a high standard of care for our patients and excellent customer service while providing an harmonious and fulfilling working environment. We recognise that our business has an impact on the environment and we are committed to the continual improvement of our environmental performance in relation to our services and operations.

We have identified the following key environmental impacts that contribute to our environmental and carbon footprint :

- Consumption of electricity, water, gas and oil
- Use of volatile halogenated anaesthetic gases
- Waste production and disposal
- Use of raw material including prescribed drugs and medicines
- Transport emissions
- Procurement and supplies with their own environmental impact

The company is committed to reducing these and other impacts and to the continual improvement of our environmental performance. Our policy is to comply with environmental legislation and regulations relevant to our organisation and to work towards accreditation with Investors in the Environment (iE).

We are committed to working with our staff, customers, investors, contractors, regulatory bodies, colleagues and neighbours to achieve the following objectives:

- Monitoring and reducing our consumption of energy and raw materials
- Reduce waste and carbon emissions
- Improve our recycling and sustainable procurement processes
- Minimising unsustainable transport use
- Working with suppliers to ensure they acknowledge and decrease the environment impact of their products when possible
- Systematically assess the environmental impact of all aspects of our company
- Involve our employees through training and increased awareness
- Set targets for measurable annual improvements
- Make our progress available for independent assessment (iiE)

It is the responsibility of all employees to fully support this policy through active participation and cooperation.

This environmental policy will be displayed at all times and is openly available to all members of the public via our website :
www.wylievets.com/sustainability

The introduction and implementation of this policy is a commitment of The Wylie Veterinary Centre's management and a shared responsibility with our employees. Martha Pedraja has designated responsibility for the day to day implementation of this policy.

The policy will be reviewed annually as part of the organisation's overall environment management plan.

Date: June 2021
